

# EZ-TEX DXG

[www.benron.com](http://www.benron.com)

## Features:

High-output 1 in double-diaphragm texture spray pump produces material delivery rates up to 6 gpm, allowing you to complete jobs faster than ever before.

The large capacity 15 gallon material hopper includes quick connectors between hopper to the pump for easy assemble.

Our 25 cfm gas compressor air pack can be removed to reduce sprayer weight for maximum portability.

Leave gas compressor outside while spraying inside and stay away from noise and exhaust fumes.

## The Ez-Tex Dxx Will Spray:

Fine E.I.F.S.

Texture Elastomerics.

Orangepeel And Knockdown Finishes.

Street print spraying products.

Modified polymer cement products as self leveling and micro topping.

**Top-Notch**, Two Years Limited Warranty.
